WILL THE COMBINATION WORK?

JAPS CROSS THE YALU

DETAIN A FIRM FOOTHOLD ON THE MANCHURIAN SIDE OF THE STREAM.

A GENERAL CALL TO ARMS

RUSSIAN RESERVES WILL ALL BE MOBILIZED AND SENT TO THE FAR EAST.

Chicago, April 8.—A special cable to the Daily News from Tokio says:

Reliable reports were received here Thursday from Seoul to the effect that part of the Japanese fighting line had crossed the Yalu and established itself in strong positions there at several important points.

St. Petersburg, April 8.—While the first line of defense against the Japanese advance from Korea is a strong position, selected by General Kuropatkin near Fenghuangcheng, it is believed the Russians intend to hold out as long as possible at Antung, which commands the Peking road.

TO MASS HER FORCES

RUSSIA WILL SOON ISSUE GENERAL CALL TO ARMS AND SEND RESERVES EAST.

Paris, April 8.—A St. Petersburg correspondent of the Petit Parisien cables:

"A colonel of the general staff has informed me that a general mobilization is in course of preparation. In view of complications which may ensue, the police have been instructed to prepare lists of all university graduates under forty years old capable of serving as reserve officers. A portion of the reserves will be told off to guard the transsiberian railroad. The decree ordering the mobilization will be published shortly.

"The arming of the port of Libau has been completed and foreign vessels have been forbidden to enter the port without authorization."

A correspondent at St. Petersburg of the Echo de Paris says a mobilization of the reserve seamen in the Sevastapol district has been ordered, half of them to be used to reinforce the Russian crews at Port Arthur and Vladivostok, and the remainder to increase the strength of the Black sea fleet.

HARBIN VERY UNSANITARY.

Conditions There May Lead to an Epidemic Among Russians.

St. Petersburg, April 8.—The unsanitary condition of Harbin, which it is feared will lead to an epidemic, is revealed in a dispatch to the Novosti. Harbin is the center of Russian military and civil authority in Manchuria. All troops pass through this point, and all provisions and medical supplies are taken there.

An arrangement has been made for Harbin to become the first station for the sick and wounded during the war. Despite a dry spring and summer and peaceful conditions in the territory last year, there were cases of cholera and typhoid, the further development of which was stopped by frosts. The chief cause of contagion is the water of the Sungari river and the shallow wells which are sunk in unsanitary places. Another source of contagion is that the filth of the winter lies exposed above ground in the heart of the city, the streets of which are filled with refuse.

Protests have proved unavailing because of the prosecution of persons for publicly referring to the conditions. The warm weather, which caused the disappearance of the snow, has shown the true state of affairs.

JAPANESE ARE CONSIDERATE.

Try to Hamper Americans and British as Little as Possible.

Seoul, April 8.—J. N. Jordan and H. N. Allen, respectively ministers to Korea of Great Britain and the United States, have requested the Korean government to give protection to British and American mines. This request is mere formality as the Japanese have given assurances of safety from local uprisings. Mr. Jordan says the Japanese have been extremely considerate with regard to the British mines. They have no desire to hamper mining operations, they promised not to make heavy levies of food on the farmers of the surrounding country and they agree to facilitate the passage of specie for payment of wages, and even to supply specie for this purpose. They will also safeguard the transportation of bullion from the mines to the coast.

ON THE TUMEN RIVER.

Russians Occupying Six Large Towns in Northeastern Korea.

Seoul, April 8.—Telegrams have been received saying that the Russians are occupying six large border towns on the Tumen river in Northeastern Korea.

A Korean has sent in a report that the Russians and Chinese who were at Yongampo, Korea, have withdrawn to Antung, across the Yalu river. Only a few merchants remain at Yongampo.

The Japanese authorities have no confirmatiton of a reported engagement between Russians and Japanese at Kwisung.

Khilkoff Will Return to Baikal.

Paris, April 8.—A St. Petersburg correspondent of the Matin says that Prince Khilkoff, minister of railroads, will return to Baikal on April 18 or 19, as the czar desires him personally to superintend the transportation of troops.

DULUTH MAN SUICIDES.

Slashes His Throat From Ear to Ear With a Razor.

Duluth, April 8.—Ebenezer Kilgour, a department store employe, arose from the table at noon, went to the bathroom, partially disrobed and placing a mirror opposite him, slashed his throat from ear to ear with a razor. Despondency is given as the cause. Kilgour was thirty-six years old and unmarried. He formerly lived at Fargo.

Kentucky Strike Averted.

Louisville, Ky., April 8.—A strike of 4,000 coal miners in Kentucky was averted, when, after three disagreements, the wage committees agreed to submit their differences to arbitration.

WILL ARGUE THE CASE

EX-SECRETARY OF WAR ROOT TO APPEAR IN THE CIRCUIT COURT AT ST. PAUL.

IS TO OPPOSE MR. HARRIMAN

WILL ACT AS COUNSEL FOR SECURITIES COMPANY IN RESISTING PETITION.

New York, April 8.—Elihu Root, President Roosevelt's first secretary of war, is now counsel for the Northern Securities company.

In the examination of Mr. Hawley before Commissioner Alexander, in the Sully proceedings Thursday, Mr. Root explained that he had to be in the federal circuit court in St. Paul Tuesday. That is the day E. H. Marriman's petition against the Northern Securities company comes up in court. When asked if he was going to have anything to do with the case, Mr. Rood said:

"I am going to oppose Mr. Harriman's application. I am counsel for the Northern Securities company."

DENIED BY DONOVAN.

Montana Official Had No Conference With Great Northern Officials.

Helena, Mont., April 8.—Attorney General James Donovan returned from the East Thursday. Speaking of the story that he had had a conference in St. Paul with officials of the Great Northern over "the proposal of invoking the laws of Montana to prevent the Harriman people from securing control of the Northern Pacific," he said:

"I had no conference with the Great Northern officials about the matter, nor did I say anything to any newspaper man about it. In fact, the first I knew of it was when I secured a Montana newspaper at Livingston Thursday. I was not summoned to St. Paul by anyone. On the contrary, I came through there on my way from Washington. I did call on R. A. Wilkinson, one of the officials of the Great Northern, but only in a social way, and spent ten minutes with him.

"Do you purpose to take any steps in the Harriman and Northern Pacific case?"

"It is difficut to speak of something that one knows nothing of and has heard nothing of until a few hours ago. I know absolutely nothing about the matter, except what I have seen in the newspapers."

PATHETIC TRAGEDY IN IOWA.

Starving Boys Rob a Saloon and One Suicides When Pursued.

Council Bluffs, Ia., April 8.—Two boys, aged about eighteen and twenty, held up a saloon on South Main street Thursday, securing a small sum. They were pursued by the bartender, who captured the younger, was was unarmed. The other escaped to the railroad yards, where he crawled into a threshing machine and fired a bullet through his brain. The boy under arrest gives his name as Dick Doran of Chicago and says the dead boy is his brother. He says they were half starved and became desperate.

CLAIMS HE IS AN IMPOSTER

H. G. West, Reported to Have Been Thrown Out of Geminder Home, Said to be a Bad Egg in Many Respects.

From the reports which have been received since the article which was published in THE DISPATCH yesterday regarding H. G. West, it would be inferred that Mr. West has been a very much helped man, and that he is not as was stated, the man he claimed to be. THE DISPATCH regrets very much that the article did Mr. and Mrs. William Geminder the injustice of putting them up as being unkind to the couple. The indications are that they had done everything for the pair, West and his wife even more than anyone else would do and they were justified in ordering them from the house.

The facts are, according to the reports from people who have had to do with Mr. and Mrs. West, that they have played on the sympathy of the good people of the city to the extent that they have lived here all winter without paying a cent of money. At first they succeeded by representing to R. G. Vallentyne and Si Hall that Mr. West was an Odd Fellow and in hard straits. These gentlemen, out of the generosity of their hearts, paid a board bill at the National and another at the Antlers and have paid altogether, with borrowed money and one thing and another, $82.

West has left town and there is still unpaid to Mr. Geminder some $40 or $50, but he holds the trunks of the couple. Mr. Geminder gave West all kinds of chance to "make good" that he had "money coming," etc., but that astute gentleman always evaded the question. He posed here as a private detective and both he and his wife had "stars" and each carried a gun. The whole affair is an odd one and it is claimed by those who have been good to this couple that they have been worked to a standstill, and that West himself has a bad record behind him. Before coming to Brainerd the last time the couple run a board bill at Aitkin for $40 which they have not paid.

HOW TO PRONOUNCE HYOMEI

H. P. Dunn & Co. Tell of This Remarkable Treatment That Cures Catarrh Without Stomach Dosing.

"While all our customers who have used Hyomei agree that it is remarkably successful in curing catarrh and other diseases of the air passages," says H. P. Dunn & Co., "yet there has been considerable diversity of opinion as to how the name is pronounced."

"Hyomei is pronounced just as if it were spelled 'high-o-me,' with the accent on the first syllable."

"A great many come to our store and instead of asking for Hyomei, tell us they want a package of the treatment for catarrh that we are selling on a guarantee."

"While we know what they mean, and all of our clerks will give them Hyomei, yet we want every one to know how to pronounce the name of Hyomei, so they may run no chance of getting anything but Hyomei, no matter where they go.

"It is nature's true cure for catarrhal troubles. It kills the germs of this disease, soothes and heals the irritated mucuous membrane, and effectually drives all catarrhal poisons from the system.

"All the stomach dosing in the world can do no lasting good in the treatment of catarrh unless the nose and throat are free from catarrhal microbes. There is no stomach dosing with Hyomei; just breathe it.

"We have so much confidence in the value of the treatment, that we are selling it with the understanding that we will return the money if it fails to cure. All THE DISPATCH readers know that we do exactly as we agree." 15

INTRODUCED BY HEARST.

A Resolution Calling for Evidence Against Coal Railroads.

Washington, April 8.—Representative Hearst of New York Thursday introduced a resolution calling on the attorney general to furnish congress certain evidence offered by "a citizen of New York in October, 1902, showing a conspiracy in restraint of interstate trade among the anthracite coal railroads."

The report of the United States attorney for the Southern district of New York on the evidence is to be included. If this information is not received in seven days the resolution provides that a committee of seven members of the house shall proceed to compile the evidence requested. The preamble of the resolution recites that the monopoly complained of has resulted in increasing the price of coal 40 per cent and that this aggregates a tax of $50,000,000 a year on the consumers of coal.

CLAIMS HE IS AN IMPOSTER

H. G. West, Reported to Have Been Thrown Out of Geminder Home, Said to be a Bad Egg in Many Respects.

From the reports which have been received since the article which was published in THE DISPATCH yesterday regarding H. G. West, it would be inferred that Mr. West has been a very much helped man, and that he is not as was stated, the man he claimed to be. THE DISPATCH regrets very much that the article did Mr. and Mrs. William Geminder the injustice of putting them up as being unkind to the couple. The indications are that they had done everything for the pair, West and his wife even more than anyone else would do and they were justified in ordering them from the house.

The facts are, according to the reports from people who have had to do with Mr. and Mrs. West, that they have played on the sympathy of the good people of the city to the extent that they have lived here all winter without paying a cent of money. At first they succeeded by representing to R. G. Vallentyne and Si Hall that Mr. West was an Odd Fellow and in hard straits. These gentlemen, out of the generosity of their hearts, paid a board bill at the National and another at the Antlers and have paid altogether, with borrowed money and one thing and another, $82.

West has left town and there is still unpaid to Mr. Geminder some $40 or $50, but he holds the trunks of the couple. Mr. Geminder gave West all kinds of chance to "make good" that he had "money coming," etc., but that astute gentleman always evaded the question. He posed here as a private detective and both he and his wife had "stars" and each carried a gun. The whole affair is an odd one and it is claimed by those who have been good to this couple that they have been worked to a standstill, and that West himself has a bad record behind him. Before coming to Brainerd the last time the couple run a board bill at Aitkin for $40 which they have not paid.

HOW TO PRONOUNCE HYOMEI

H. P. Dunn & Co. Tell of This Remarkable Treatment That Cures Catarrh Without Stomach Dosing.

"While all our customers who have used Hyomei agree that it is remarkably successful in curing catarrh and other diseases of the air passages," says H. P. Dunn & Co., "yet there has been considerable diversity of opinion as to how the name is pronounced."

"Hyomei is pronounced just as if it were spelled 'high-o-me,' with the accent on the first syllable."

"A great many come to our store and instead of asking for Hyomei, tell us they want a package of the treatment for catarrh that we are selling on a guarantee."

"While we know what they mean, and all of our clerks will give them Hyomei, yet we want every one to know how to pronounce the name of Hyomei, so they may run no chance of getting anything but Hyomei, no matter where they go.

"It is nature's true cure for catarrhal troubles. It kills the germs of this disease, soothes and heals the irritated mucuous membrane, and effectually drives all catarrhal poisons from the system.

"All the stomach dosing in the world can do no lasting good in the treatment of catarrh unless the nose and throat are free from catarrhal microbes. There is no stomach dosing with Hyomei; just breathe it.

"We have so much confidence in the value of the treatment, that we are selling it with the understanding that we will return the money if it fails to cure. All THE DISPATCH readers know that we do exactly as we agree." 15

STATE PRESIDENT WAS HERE

The Program Consisted of Some Good Songs, Addresses, Etc. —Banquet was Served.

Last evening, Brainerd Lodge, No. 15, Sons of Herman, held a very interesting session in this city, in fact, it was one of the most auspicious events the order has ever held here. A program of excellent music, for which the members of the order are noted, was arranged and this was interspersed with some good addresses by the local members as will as some visitors from out of the city.

There were visitors here from Aitkin, Staples and other places and they participated in the affair.

The special feature of interest was the fact that President Harpke, of the state organization, was present and he participated in the program and delivered an address. The order here received quite an impetus and other members will be brought in from different towns in the northern part of the state and the membership of the lodge will be increased materially.

COMMITTEES WERE NAMED

Officers of Brainerd Lodge. B. P. O. E., No. 615 Installed at a Meeting Held Last Night

JUDGE SANBORN AS DELEGATE

Mayor A. J. Halsted Named as Alternate—Appointive Officers Were Named.

There was an interesting meeting of Brainerd Lodge, B. P. O. E., No. 615 last night when the newly elected officers of the order were installed and Exalted Ruler A. L. Mattes announced the appointment of officers and members of committees of the lodge.

The installation service was impressive and as the newly elected officers took their seats they responded to requests for a few remarks, each in turn pledging himself to do all in his power for the organization and to advance its interests.

During the meeting resolutions were read, drawn up by the Ladies' Musical club of the city, thanking the lodge for its courtesies in allowing them to have the use of the hall and they stated in a communication that they had purchased for the lodge a beautiful painting, Raphael's "Sistine Madonna," for the Elk room at St. Joseph's hospital. It is a beautiful picture and will doubtless be greatly appreciated by the lodge.

Exalted Ruler Mattes announced the following appointments:

I. G.—T. E. Canan.

Chaplain—H. P. Dunn.

Esquire—W. A. M. Johnston.

Organists—George Grewcox, S. E. Engbretson, L. Hohman and Fritz Hagberg.

The following standing committees were named:

By-laws—J. T. Sanborn, A. J. Halsted and S. F. Alderman.

Auditing—M. Mahlum, C. A. Walker and Harry D. Treglawny.

Visiting—H. P. Dunn, O. T. Batcheller and D. M. McDonald.

Entertainment—F. S. Parker, S. R. Adair, E. O. Webb, W. H. Cleary and J. J. Howe Jr.

Hospital—J. J. Howe, Sr., Dr. J. A. Thabes, and J. F. McGinnis.

The representative to the grand lodge is Judge J. T. Sanborn with Mayor A. J. Halsted as alternate.

Judge Sanborn retires from the office of exalted ruler after several years of good hard work for the order. He has made an excellent official and he retires from this important office with the good will of everyone. Exalted Ruler Mattes goes into the harness with the best wishes of all and with an able corps of officials back of him he should succeed admirably.

MAY GO TO ST. LOUIS

Brainerd Elk Band May Go there to Compete in the Tournament of Amateur Bands of the Country.

One of the interesting features of the big St. Louis fair will be a band tournament from Sept. 12 to 17 inclusive. This is for amateur bands and Brainerd Elk band may go to compete for one of the prizes. There are nine cash prizes aggregating $30,000, and they are divided into three classes. Director Sykora is very much interested in the matter and says he is getting a few new men in the band and that as soon as they are all collected he will get down to some hard work. The programs are sent to him for the competition and he thinks they might capture a prize in the amateur class.

Peculiar Labor Trouble.

The Duluth News-Tribune says:

"W. E. McEwen, secretary-treasurer of the Minnesota State Federation of Labor, has been called upon to express his opinion regarding a new phase of labor trouble originating at Little Falls. Recently the Butchers' association at that place passed resolutions and delivered an ultimatum to all customers that they must pay cash for goods and calling for settlement of accounts within thirty days. Employes of the Pine Tree Lumber company, who represent a large portion of the laboring people of Little Falls, rebelled against the butchers' action and have under way a movement to establish a co-operative meat market. It has been announced that the new enterprise will be named with the title of the Saw Mill Workers' union, using the organization's number. Both the Saw Mill Workers' union and Meat Cutters' organization are affiliated with the state federation and while no owners or markets belong to the latter union an appeal will probably be taken to the state council.

"Mr. McEwen stated yesterday that he knew of nothing standing in the way of the installation of a co-operative market except the use of the labor union's number. Little Falls is now a well organized union town and if the independent market is established it is said that other establishments of that nature will find considerable trouble in competing with it."

THEY ARE HUSTLING TOO

Both Little Falls and Aitkin Talking up Electric Railway to Mille Lacs Lake Country.

It would seem as though other towns than Brainerd have in mind th electric railway to Mille Lac lake this summer. Both Little Falls and Aitkin are taking it up and it behooves the business men of this city to get a hustle on if they are going to beat out the other towns. Brainerd is closer by several miles than either of the towns and it would take but little to agitate the matter so that every farmer along the line would be tickled to death to fall in line and help out. The following is what the Transcript has to say:

"The possibilities of developments in the Mille Lacs country are attracting increasing attention. At Brainerd, and at Aitkin there is discussion of plans to secure railroads to that district. The railroad that strikes any part of that lake will secure traffic from all of the district about the 110 miles of shore line. The people about the lake are willing to encourage any railroad that will first reach the lake, and thus supply transportation facilities to connect with steamers from ports on the shore. A railroad to the lake would result in the rapid settlement of the entire district, and a development that would in a few years supply a large and possibly paying traffic. The city that would be the outlet for that traffic would add wonderfully to its tributary territory. Little Falls cannot afford to neglect this opportunity. The immediate development in the several towns in Morrison county between Pierz and Mille Lacs would place those localities on a taxable valuation equal to the average in Morrison county, thus adding hundreds of thousands of dollars to the taxpaying sources. This increase in Morrison county valuation would more than counter-balance the slight general expense of county railroad bonds."

College of Dressmaking and Ladies' Tailoring.

The school of dressmaking and ladies' tailoring is now thoroughly organized and in session in the Walker hall every day in the week from 8:30 a. m. to 11 a. m., and from 1:30 p. m. to 5. p. m. Every lady in Brainerd is cordially invited to visit our parlors while the class is at work and see what a large number of your own representative ladies are accomplishing in the art and science of costume making. That every lady with or without previous experience in dress cutting and making, can succeed, will be thoroughly proven in this school, and we feel that if those who have given this work little or no thought will investigate the system used and the method adopted in the teaching this all important work, other ladies will receive the same benefits as those who are now well advanced in the work.

In this, the beginning of the twentieth century, it does not require any argument to convince fathers and mothers that girls, young ladies, should somewhere or in some way be taught how to cut and make their clothes, realizing this as all parents who are interested in the future usefulness of their children do. Ask yourselves how or where shall they receive this much needed knowledge?

Give this matter the attention it deserves. Visit the college in Walker hall and acquaint yourselves with our work, and after doing so, if you arrange with us to enter the school you will do so upon a guarantee from us that you will be taught a system of tailoring that not only cuts waist lining, but all trimming as well. You will not be limited in length of time or number of lessons. You can make one full costume, tailor made, and a fancy waist while taking lessons, thereby testing the system and your knowledge of the work. Address all inquiries, lock box 1794.

With a cordial invitation to all to visit the school we remain respectfully,

TERRIFIC STORM WEST OF HERE

One of Worst Storms in Years This Morning out West Causing Much Damage

RAILROAD TRAINS ARE DELAYED

The Storm Reached as Far as Detroit City--Telegraphic Service Impaired

One of the worst wind and snow storms, in years, a howling, raging blizzard, passed over a certain area west of here this morning and as a result railroad traffic and also the telegraph service on the N. P., as well as other lines, has been greatly impaired.

No. 6 from the west was about an hour late and this train did not travel through very much of the storm district either. The storm reached as far east as Detroit city and as far west as Mandan, the most sever being between Fargo and Mandan. The conductor from the west on the coast train said that it was the worst storm, while it lasted, since he has been with the Northern Pacific. Telegraph poles and telegraph wires were blown down all along the line and the damage as yet cannot be fairly estimated. As an indication of the strength of the wind a brakeman on No. 6 stated to THE DISPATCH reporter that between Fargo and Muskoda 158 telegraph poles were blown down.

Pimples, sores, bad breath, headache, indigestion and constipation positively cured with Hollister's Rocky Mountain Tea. Now's the time to cleanse your system of all impurities. 35 cents. H. P. Dunn & Co.

MUSIC AND DRAMA.

"WHEN KNIGHTHOOD WAS IN FLOWER."

Julia Marlowe's original, complete spectacular production of "When Knighthood Was In Flower" with Roselle Knott, the young and emotional actress, as Mary Tudor and Charles Dalton, the eminent young romantic actor as Charles Brandon will be the attraction at the opera house, Monday evening, April 11.

The Springfield Daily Leader says of the performance: "Roselle Knott made good at the Baldwin last night. She showed that she had been heralded none too loudly. All that was promised by her managers was faithfully fulfilled and a more than pleasant evening's entertainment was afforded.

The mountings and scenery added much to the attraction, but, as one spectator remarked: "That woman could play in the woods and draw the same."

That Miss Knott was the chief attraction goes without saying. She was strong as the returned sister of King Henry VIII; she was stronger as the lover of Charles Blanton; she was majestic as the Queen of France; she was fierce in her denouncement of the king's successor, soft in her scenes with her lover, gay when gayety was required, and solemn when necessity required it.

As an artist she is surely near the top of the ladder and in a piece written especially for her should shine with the brightest."

This is the backing that stands behind every box of Doan's Kidney Pills. Here is a case of it:

Mrs. S. Brain of 125 South 9th street says: "Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain the aching in my back was constant and exceedingly distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and a comparatively short time the pain had disappeared and the improvement in my condition was general. The kidneys were quickly restored to health and performed their functions naturally."

COMMITTEES WERE NAMED

Officers of Brainerd Lodge. B. P. O. E., No. 615 Installed at a Meeting Held Last Night

JUDGE SANBORN AS DELEGATE

Mayor A. J. Halsted Named as Alternate—Appointive Officers Were Named.

There was an interesting meeting of Brainerd Lodge, B. P. O. E., No. 615 last night when the newly elected officers of the order were installed and Exalted Ruler A. L. Mattes announced the appointment of officers and members of committees of the lodge.

The installation service was impressive and as the newly elected officers took their seats they responded to requests for a few remarks, each in turn pledging himself to do all in his power for the organization and to advance its interests.

During the meeting resolutions were read, drawn up by the Ladies' Musical club of the city, thanking the lodge for its courtesies in allowing them to have the use of the hall and they stated in a communication that they had purchased for the lodge a beautiful painting, Raphael's "Sistine Madonna," for the Elk room at St. Joseph's hospital. It is a beautiful picture and will doubtless be greatly appreciated by the lodge.

Exalted Ruler Mattes announced the following appointments:

I. G.—T. E. Canan.

Chaplain—H. P. Dunn.

Esquire—W. A. M. Johnston.

Organists—George Grewcox, S. E. Engbretson, L. Hohman and Fritz Hagberg.

The following standing committees were named:

By-laws—J. T. Sanborn, A. J. Halsted and S. F. Alderman.

Auditing—M. Mahlum, C. A. Walker and Harry D. Treglawny.

Visiting—H. P. Dunn, O. T. Batcheller and D. M. McDonald.

Entertainment—F. S. Parker, S. R. Adair, E. O. Webb, W. H. Cleary and J. J. Howe Jr.

Hospital—J. J. Howe, Sr., Dr. J. A. Thabes, and J. F. McGinnis.

The representative to the grand lodge is Judge J. T. Sanborn with Mayor A. J. Halsted as alternate.

Judge Sanborn retires from the office of exalted ruler after several years of good hard work for the order. He has made an excellent official and he retires from this important office with the good will of everyone. Exalted Ruler Mattes goes into the harness with the best wishes of all and with an able corps of officials back of him he should succeed admirably.

MAY GO TO ST. LOUIS

Brainerd Elk Band May Go there to Compete in the Tournament of Amateur Bands of the Country.

One of the interesting features of the big St. Louis fair will be a band tournament from Sept. 12 to 17 inclusive. This is for amateur bands and Brainerd Elk band may go to compete for one of the prizes. There are nine cash prizes aggregating $30,000, and they are divided into three classes. Director Sykora is very much interested in the matter and says he is getting a few new men in the band and that as soon as they are all collected he will get down to some hard work. The programs are sent to him for the competition and he thinks they might capture a prize in the amateur class.

Peculiar Labor Trouble.

The Duluth News-Tribune says:

"W. E. McEwen, secretary-treasurer of the Minnesota State Federation of Labor, has been called upon to express his opinion regarding a new phase of labor trouble originating at Little Falls. Recently the Butchers' association at that place passed resolutions and delivered an ultimatum to all customers that they must pay cash for goods and calling for settlement of accounts within thirty days. Employes of the Pine Tree Lumber company, who represent a large portion of the laboring people of Little Falls, rebelled against the butchers' action and have under way a movement to establish a co-operative meat market. It has been announced that the new enterprise will be named with the title of the Saw Mill Workers' union, using the organization's number. Both the Saw Mill Workers' union and Meat Cutters' organization are affiliated with the state federation and while no owners or markets belong to the latter union an appeal will probably be taken to the state council.

"Mr. McEwen stated yesterday that he knew of nothing standing in the way of the installation of a co-operative market except the use of the labor union's number. Little Falls is now a well organized union town and if the independent market is established it is said that other establishments of that nature will find considerable trouble in competing with it."

THEY ARE HUSTLING TOO

Both Little Falls and Aitkin Talking up Electric Railway to Mille Lacs Lake Country.

It would seem as though other towns than Brainerd have in mind th electric railway to Mille Lac lake this summer. Both Little Falls and Aitkin are taking it up and it behooves the business men of this city to get a hustle on if they are going to beat out the other towns. Brainerd is closer by several miles than either of the towns and it would take but little to agitate the matter so that every farmer along the line would be tickled to death to fall in line and help out. The following is what the Transcript has to say:

"The possibilities of developments in the Mille Lacs country are attracting increasing attention. At Brainerd, and at Aitkin there is discussion of plans to secure railroads to that district. The railroad that strikes any part of that lake will secure traffic from all of the district about the 110 miles of shore line. The people about the lake are willing to encourage any railroad that will first reach the lake, and thus supply transportation facilities to connect with steamers from ports on the shore. A railroad to the lake would result in the rapid settlement of the entire district, and a development that would in a few years supply a large and possibly paying traffic. The city that would be the outlet for that traffic would add wonderfully to its tributary territory. Little Falls cannot afford to neglect this opportunity. The immediate development in the several towns in Morrison county between Pierz and Mille Lacs would place those localities on a taxable valuation equal to the average in Morrison county, thus adding hundreds of thousands of dollars to the taxpaying sources. This increase in Morrison county valuation would more than counter-balance the slight general expense of county railroad bonds."

College of Dressmaking and Ladies' Tailoring.

The school of dressmaking and ladies' tailoring is now thoroughly organized and in session in the Walker hall every day in the week from 8:30 a. m. to 11 a. m., and from 1:30 p. m. to 5. p. m. Every lady in Brainerd is cordially invited to visit our parlors while the class is at work and see what a large number of your own representative ladies are accomplishing in the art and science of costume making. That every lady with or without previous experience in dress cutting and making, can succeed, will be thoroughly proven in this school, and we feel that if those who have given this work little or no thought will investigate the system used and the method adopted in the teaching this all important work, other ladies will receive the same benefits as those who are now well advanced in the work.

In this, the beginning of the twentieth century, it does not require any argument to convince fathers and mothers that girls, young ladies, should somewhere or in some way be taught how to cut and make their clothes, realizing this as all parents who are interested in the future usefulness of their children do. Ask yourselves how or where shall they receive this much needed knowledge?

Give this matter the attention it deserves. Visit the college in Walker hall and acquaint yourselves with our work, and after doing so, if you arrange with us to enter the school you will do so upon a guarantee from us that you will be taught a system of tailoring that not only cuts waist lining, but all trimming as well. You will not be limited in length of time or number of lessons. You can make one full costume, tailor made, and a fancy waist while taking lessons, thereby testing the system and your knowledge of the work. Address all inquiries, lock box 1794.

With a cordial invitation to all to visit the school we remain respectfully,

TERRIFIC STORM WEST OF HERE

One of Worst Storms in Years This Morning out West Causing Much Damage

RAILROAD TRAINS ARE DELAYED

The Storm Reached as Far as Detroit City--Telegraphic Service Impaired

One of the worst wind and snow storms, in years, a howling, raging blizzard, passed over a certain area west of here this morning and as a result railroad traffic and also the telegraph service on the N. P., as well as other lines, has been greatly impaired.

No. 6 from the west was about an hour late and this train did not travel through very much of the storm district either. The storm reached as far east as Detroit city and as far west as Mandan, the most sever being between Fargo and Mandan. The conductor from the west on the coast train said that it was the worst storm, while it lasted, since he has been with the Northern Pacific. Telegraph poles and telegraph wires were blown down all along the line and the damage as yet cannot be fairly estimated. As an indication of the strength of the wind a brakeman on No. 6 stated to THE DISPATCH reporter that between Fargo and Muskoda 158 telegraph poles were blown down.

MUSIC AND DRAMA.

"WHEN KNIGHTHOOD WAS IN FLOWER."

Julia Marlowe's original, complete spectacular production of "When Knighthood Was In Flower" with Roselle Knott, the young and emotional actress, as Mary Tudor and Charles Dalton, the eminent young romantic actor as Charles Brandon will be the attraction at the opera house, Monday evening, April 11.

The Springfield Daily Leader says of the performance: "Roselle Knott made good at the Baldwin last night. She showed that she had been heralded none too loudly. All that was promised by her managers was faithfully fulfilled and a more than pleasant evening's entertainment was afforded.

The mountings and scenery added much to the attraction, but, as one spectator remarked: "That woman could play in the woods and draw the same."

That Miss Knott was the chief attraction goes without saying. She was strong as the returned sister of King Henry VIII; she was stronger as the lover of Charles Blanton; she was majestic as the Queen of France; she was fierce in her denouncement of the king's successor, soft in her scenes with her lover, gay when gayety was required, and solemn when necessity required it.

DELEGATES GO UNINSTRUCTED.

Kansas Democrats Elect Delegation to St. Louis Convention.

Wichita, Kan., April 8.—The Democratic state convention Thursday elected twenty uninstructed delegates to the national convention. The delegation, according to personal preferences, will stand six for Hearst and fourteen against him, it is said.

The platform, which was unanimously adopted, endorsed the Kansas City platform of 1900 and the Chicago platform of 1896, expressed confidence in William J. Bryan and declared for the nomination of men for president and vice president who supported the tickets of 1896 and 1900. It endorsed W. R. Hearst and his victory over the coal trust as an example for Democrats to follow, but did not refer to him as a candidate for president.

Tennessee Delegates for Roosevelt.

Nashville, Tenn., April 8.—The Republican state convention Thursday instructed the delegates for Roosevelt for president and nominated Jesse Littleton of Franklin county for governor.

MRS. BOTKIN GUILTY

SENTENCED FOR LIFE FOR MURDERING MRS. DUNNING WITH POISONED CANDY.

San Francisco, April 8.—Mrs. Cordelia Botkin last night was found guilty of the murder of Mrs. John P. Dunning by means of poisoned candy sent by mail from San Francisco to Dover, Del., several years ago. The penalty was fixed at imprisonment for life.

This is the second trial for Mrs. Botkin. She was found guilty on the first trial.

Mrs. Cordelia Botkin was charged with poisoning Mrs. Dunning and her sister, Mrs. Deane, daughters of Representative Pennipgton, five years ago. The cause alleged was her love for Dunning.

Mrs. Botkin was arrested at San Francisco, where she has been kept in custody notwithstanding attempts of the Delaware authorities to have her taken to that state for trial. In 1898 Mrs. Botkin was found guilty and sentenced to life imprisonment. She secured a new trial, which was begun on March 10. Mrs. Botkin is the youngest of three daughters.

JUDGE KALUA REMOVED.

Hawaiian Jurist Is Ousted From His Post.

Washington, April 8.—John W. Kalua, United States judge of the Second circuit at Honolulu, Thursday was removed from office by President Roosevelt. Recently an intimation was conveyed to Judge Kalua that, upon the expiration of his term on June 5 next, he would not be reappointed. The judge then practically suspended the work of his court by adjourning all pending criminal cases until June 6, the day after the expiration of his term of office. This action elicited a vigorous protest from the people of Honolulu, and Attorney General Knox and the president decided to remove Judge Kalua at once from office and to appoint a successor who would conduct the business of the court. The successor has not been agreed upon yet.

Honolulu, April 8.—A. N. Kepoukal, territorial treasurer, has resigned and has announced himself a candidate for the judgship made vacant by the removal of J. W. Kalua.

BOTH SIDES ARE CAREFUL.

Prevent News of Projected Operations From Leaking Out.

London, April 8.—The brief dispatches from the seat of war in the far East appearing in the London newspapers during the past few days have all been of a stereotyped character, indicating that an active censorship is prevailing there. This applies particularly to the points under Japanese control; but from the Russian side also it is evident care is exercised to prevent the news of operations from leaking out.

The Japanese fleet continues to cruise not far from Port Arthur.

The Standard's Chefoo correspondent announces that a steamer which arrived there Thursday sighted Japanese warships off Weihaiwei.

A correspondent at Seoul of the Telegraph cables that a correspondent at Gensan has telegraphed, informing him that it took him six days to travel 185 miles from Seoul to Gensan, owing to the state of the roads.

JAPAN RENEWS REQUEST.

Wants Sakhalin Island Refugees Transported to Japan.

St. Petersburg, April 8.—Through the United States government Russia has again been requested by Japan to allow the Japanese refugees on Sakhalin island to be transported to Japan. The foreign office has already returned a favorable response to this request, but the delay in the completion of arrangements is due to the necessity of consulting the military officers of the island. The United States government probably will send a neutral ship to take the refugees off the island.

FOUR HUNDRED THOUSAND MEN.

Immense Army for Kuropatkin's Use in Manchuria.

Yinkow, April 8.—General Kuropatkin arrived here during the morning. He inspected the fort and 5,000 troops paraded on the plain outside the fort, with artillery and horses fresh from Europe. They seemed in excellent condition.

General Kuropatkin, who returned in the afternoon to Tashichiao, says he will have 400,000 men in Manchuria before war begins in earnest.

ADMIRAL STARK DECORATED.

St. Petersburg, April 8.—Vice Admiral Stark reached St. Petersburg Thursday simultaneously with the announcement of his decoration with the Alexander swords, which are conferred only for gallantry in the face of the enemy.

The prizes will be awarded immediately after the close of the contest.

Anyone can compete and all have an equal chance of securing one of the big prizes.

The only conditions are that you send in for each five different ways of spelling the word Egg-O-See, one of the little folders, same as used in the school children's contest, found inside of each package of the food, and that you mail your list to the Egg-O-See Co., Quincy, Ill., on or before June 15, 1904. Be sure and write your name and address plainly. The spelling must be such as could properly be pronounced "Egg-O-See." The following are some of the ways the word could be spelled: Egg-O-Sea, Eg-Oh-Cy, Egg-O-Cee, Eg-O-Sie.

You will find the effort entertaining as well as profitable. The children will find it instructive, but older persons are not barred, and it is permissible to get help from others after you have spelled the word as many ways as you can yourself.

We are doing this so that the merits of Egg-O-See, the best of all flaked wheat foods may be more widely known. Physicians and food experts agree that flaked wheat is the most delicious and healthful of foods. Its good qualities are now universally recognized, and Egg-O-See is practically displacing all similar foods, as your grocer will tell you, because it is superior in quality and flavor, and yet a large package retails for 10 cents.

If your grocer does not keep it, send us his name and 10 cents and we will send you a package, prepaid.

NUMBER OF INHABITANTS IN THE LARGEST MUNICIPALITIES IN THE COUNTRY.

Washington, April 8.—The census bureau has issued a bulletin which gives the estimated population of the United States for 1903, exclusive of Alaska and the insular possessions of the United States, at 79,900,389. This is an increase of 3,905,814 since the census of 1900. The population is estimated for 438 cities having 10,000 or more inhabitants in 1900. According to these estimates New York is now a city of 3,716,139 inhabitants; Chicago is rapidly approaching the two million mark, having 1,873,880 inhabitants, and Philadelphia has 1,367,716. St. Louis has just passed and Boston has almost reached the 600,000 mark. Baltimore has 531,313; Cleveland has 414,050; Cincinnati 332,934; Buffalo 380,403, San Francisco has 355,919, Pittsburg 345,043. Detroit, Milwaukee and New Orleans have just passed the 300,000, and Washington is close to that figure.

Considered by states, New York leads in poulation, with more than 7,500,000; Pennsylvania exceeds 6,500,000, and Illinois has passed 5,000,000; Texas has over 3,000,000, having passed Missouri. But twenty-two states now have less than 1,000,000 inhabitants and fourteen exceed 2,000,000. The estimates show that the number of incorporated places having a population of 10,000 inhabitants or more in 1900 is 438, with a total population of 24,044,347, while the estimated population for 1903 is 25,806,987, an increase of 1,759,620. Part of the increase during the three years is due to the inclusion of suburbs. The estimated population in 1903 in cities of 10,000 or more is distributed as follows:

Cities of the Northwest.

North Atlantic states, 188 cities, 12,818,990; North Central division, 149 cities, 8,272,105; South Atlantic, 38 cities, 1,184,215; South Central, 37 cities, 1,530,855, and Western states, 26 cities, 1,343,822.

Cities in the Nortwest having a population of 25,000 and upward are:

Iowa—Cedar Rapids, 27,948; Council Bluffs, 29,171; Davenport, 37,768; Des Moines, 65,754; Dubuque, 38,094; Sioux City, 31,701.

Michigan—Bay City, 27,565; Detroit, 309,653; Grand Rapids, 91,630; Jackson, 26,494; Kalamazoo, 26,252; Saginaw, 41,151.

Wisconsin—La Crosse, 30,058; Milwaukee, 312,736; Oshkosh, 29,919; Racine, 31,529; Superior, 36,824.

There are no cities credited with 25,000 population in Mississippi, Oklahoma, North Dakota, South Dakota, Wyoming, Vermont and North Carolina.

The census bureau has decided to make annual estimates of the population by what is known as the arithmetical method.

ALFONSO FAR AWAY

KING OF SPAIN IN NO DANGER FROM THE ALLEGED DYNAMITE OUTRAGE.

London, April 8.—Julius G. Lay, United States consul general at Barcelona, telegraphs as follows to the Associated Press:

"An explosion of gas occurred here last night, giving rise to a report that a 'petard' was exploded as King Alfonso was leaving the exhibition. The explosion, however, took place half a mile from where the king was."

A dispatch to Reuter's Telegram company from Barcelona says it has been definitely ascertained that the explosion which took place last night when King Alfonso was leaving the exhibition was due to an escape of gas and that no importance is attached to the incident.

ACCOUNTS VARY IN DETAIL.

Official Version of Explosion at Barcelona.

Madrid, April 8.—Private accounts received from Barcelona regarding the explosion which took place as King Alfonso was leaving the exhibition there continue to vary in detail. The following official report of the affair has been issued here:

"At 9:30 o'clock p. m. a petard exploded in the portico of the house No. 19 Rambla del Centro. There was a loud explosion which caused material damage. In the ensuing panic two persons were slightly injured.

"King Alfonso passed the spot within a few minutes after the occurrence and was warmly cheered by the crowd, which had then become tranquil.

"The originator of the outrage has not been discovered. One man was arrested but has since been released."

DELEGATES GO UNINSTRUCTED.

Kansas Democrats Elect Delegation to St. Louis Convention.

Wichita, Kan., April 8.—The Democratic state convention Thursday elected twenty uninstructed delegates to the national convention. The delegation, according to personal preferances, will stand six for Hearst and fourteen against him, it is said.

The platform, which was unanimously adopted, endorsed the Kansas City platform of 1900 and the Chicago platform of 1896, expressed confidence in William J. Bryan and declared for the nomination of men for president and vice president who supported the tickets of 1896 and 1900. It endorsed W. R. Hearst and his victory over the coal trust as an example for Democrats to follow, but did not refer to him as a candidate for president.

Tennessee Delegates for Roosevelt.

Nashville, Tenn., April 8.—The Republican state convention Thursday instructed the delegates for Roosevelt for president and nominated Jesse Littleton of Franklin county for governor.

MRS. BOTKIN GUILTY

SENTENCED FOR LIFE FOR MURDERING MRS. DUNNING WITH POISONED CANDY.

San Francisco, April 8.—Mrs. Cordelia Botkin last night was found guilty of the murder of Mrs. John P. Dunning by means of poisoned candy sent by mail from San Francisco to Dover, Del., several years ago. The penalty was fixed at imprisonment for life.

This is the second trial for Mrs. Botkin. She was found guilty on the first trial.

Mrs. Cordelia Botkin was charged with poisoning Mrs. Dunning and her sister, Mrs. Deane, daughters of Representative Pennington, five years ago. The cause alleged was her love for Dunning.

Mrs. Botkin was arrested at San Francisco, where she has been kept in custody notwithstanding attempts of the Delaware authorities to have her taken to that state for trial. In 1898 Mrs. Botkin was found guilty and sentenced to life imprisonment. She secured a new trial, which was begun on March 10. Mrs. Botkin is the youngest of three daughters.

JUDGE KALUA REMOVED.

Hawaiian Jurist Is Ousted From His Post.

Washington, April 8.—John W. Kalua, United States judge of the Second circuit at Honolulu, Thursday was removed from office by President Roosevelt. Recently an intimation was conveyed to Judge Kalua that, upon the expiration of his term on June 5 next, he would not be reappointed. The judge then practically suspended the work of his court by adjourning all pending criminal cases until June 6, the day after the expiration of his term of office. This action elicited a vigorous protest from the people of Honolulu, and Attorney General Knox and the president decided to remove Judge Kalua at once from office and to appoint a successor who would conduct the business of the court. The successor has not been agreed upon yet.

Honolulu, April 8.—A. N. Kepoukai, territorial treasurer, has resigned and has announced himself a candidate for the judgship made vacant by the removal of J. W. Kalua.

BOTH SIDES ARE CAREFUL.

Prevent News of Projected Operations From Leaking Out.

London, April 8.—The brief dispatches from the seat of war in the far East appearing in the London newspapers during the past few days have all been of a stereotyped character, indicating that an active censorship is prevailing there. This applies particularly to the points under Japanese control; but from the Russian side also it is evident care is exercised to prevent the news of operations from leaking out.

The Japanese fleet continues to cruise not far from Port Arthur.

The Standard's Chefoo correspondent announces that a steamer which arrived there Thursday sighted Japanese warships off Weihaiwei.

A correspondent at Seoul of the Telegraph cables that a correspondent at Gensan has telegraphed, informing him that it took him six days to travel 185 miles from Seoul to Gensan, owing to the state of the roads.

JAPAN RENEWS REQUEST.

Wants Sakhalin Island Refugees Transported to Japan.

St. Petersburg, April 8.—Through the United States government Russia has again been requested by Japan to allow the Japanese refugees on Sakhalin island to be transported to Japan. The foreign office has already returned a favorable response to this request, but the delay in the completion of arrangements is due to the necessity of consulting the military officers of the island. The United States government probably will send a neutral ship to take the refugees off the island.

FOUR HUNDRED THOUSAND MEN.

Immense Army for Kuropatkin's Use in Manchuria.

Yinkow, April 8.—General Kuropatkin arrived here during the morning. He inspected the fort and 5,000 troops paraded on the plain outside the fort, with artillery and horses fresh from Europe. They seemed in excellent condition.

General Kuropatkin, who returned in the afternoon to Tashichiao, says he will have 400,000 men in Manchuria before war begins in earnest.

St. Petersburg, April 8.—Vice Admiral Stark reached St. Petersburg Thursday simultaneously with the announcement of his decoration with the Alexander swords, which are conferred only for gallantry in the face of the enemy.

The only conditions are that you send in for each five different ways of spelling the word Egg-O-See, one of the little folders, same as used in the school children's contest, found inside of each package of the food, and that you mail your list to the Egg-O-See Co., Quincy, Ill., on or before June 15, 1904. Be sure and write your name and address plainly. The spelling must be such as could properly be pronounced "Egg-O-See." The following are some of the ways the word could be spelled: Egg-O-Sea, Eg-Oh-Cy, Egg-O-Cee, Eg-O-Sie.

You will find the effort entertaining as well as profitable. The children will find it instructive, but older persons are not barred, and it is permissible to get help from others after you have spelled the word as many ways as you can yourself.

Physicians and food experts agree that flaked wheat is the most delicious and healthful of foods. Its good qualities are now universally recognized, and Egg-O-See is practically displacing all similar foods, as your grocer will tell you, because it is superior in quality and flavor, and yet a large package retails for 10 cents.

EGG-O-SEE

ASK YOUR GROCER FOR THE GREEN PACKAGE.

If your grocer does not keep it, send us his name and 10 cents and we will send you a package, prepaid.

ALFONSO FAR AWAY

KING OF SPAIN IN NO DANGER FROM THE ALLEGED DYNAMITE OUTRAGE.

London, April 8.—Julius G. Lay, United States consul general at Barcelona, telegraphs as follows to the Associated Press:

"An explosion of gas occurred here last night, giving rise to a report that a 'petard' was exploded as King Alfonso was leaving the exhibition. The explosion, however, took place half a mile from where the king was."

A dispatch to Reuter's Telegram company from Barcelona says it has been definitely ascertained that the explosion which took place last night when King Alfonso was leaving the exhibition was due to an escape of gas and that no importance is attached to the incident.

ACCOUNTS VARY IN DETAIL.

Official Version of Explosion at Barcelona.

Madrid, April 8.—Private accounts received from Barcelona regarding the explosion which took place as King Alfonso was leaving the exhibition there continue to vary in detail. The following official report of the affair has been issued here:

"At 9:30 o'clock p. m. a petard exploded in the portico of the house No. 19 Rambla del Centro. There was a loud explosion which caused material damage. In the ensuing panic two persons were slightly injured.

"King Alfonso passed the spot within a few minutes after the occurrence and was warmly cheered by the crowd, which had then become tranquil.

"The originator of the outrage has not been discovered. One man was arrested but has since been released."
